\$299,900

2 Bedrooms | 1 Bathroom | 1,206 Sqft

What's better than an amazing location in the heart of Garneau just a block from Whyte and all the amenities that come with it? What's better is a beautifully renovated 2 story apartment in that location! Renovations include flooring and fixtures, stainless steel appliances, and hot water tank. You'll be confident that this condo will treat you well for years to come. The modern and beautiful flooring, fresh paint, spectacular kitchen, and natural light all add to one thing... this is a condo that's worth owning! But wait, we live in Canada! A walkable location is great in the summer, but in the winter we need warm cars to drive in. That's why this condo comes with heated underground parking!
