4 bedroom upgraded home with huge vaulted ceilings. This home has had the work put into it. Kitchen renovation with modern cabinetry that includes under cabinet lighting and an upgraded countertop. The bathrooms have also been completely renovated. The great room has a massive vaulted ceiling and upgraded hardwood floors. The windows have all been replaced which adds tremendous value for a home this age. Central air conditioning is another added touch that sets it apart from others in this price range. The large south facing backyard has an oversized garage. Fantastic location close to schools, shopping and public transportation.
