\$479,900

4 Bedrooms | 3 Bathrooms | 1,426 Sqft

Stunning 4 level split. Pride of ownership and the number of pluses are too numerous to mention. This is a must to be seen home. The 4 bedrooms, allow space for the whole family to have privacy and enjoy any activity. The large, pie-shaped backyard is simply stunning. Multi-level decks, fire pit, fully landscaped with numerous bushes, flowers and beautiful trees. A further feature includes additional structures for a photographers dream-this yard may not be Eden, but its the next closest thing! Parties, weddings, receptions and more will be breath taking in this yard. You will be the envy of friends, family and any visitor lucky enough to see your gorgeous location. The backyard has been brilliantly designed to provide utmost privacy, peace and silence. Youll quickly realize this is your own Private Sanctuary. No write up can do justice to this property, there are simply too many features to describe. Come see for yourself, further write ups will be available within the home to identify pluses. (id:27)
