3 Bedrooms | 2 Bathrooms | 1,420 Sqft

Great Value! This beauty offers that open concept you've been looking for with chef's kitchen featuring modern dark cabinets, gorgeous granite counter tops and stainless appliances, spacious dining area with "tech centre" off to the side perfect for family computer space, good sized living room, 1/2 bath and door access to back yard completing the main floor. Upstairs you will find 3 good sized bedrooms, master complete with 4 piece bath and walk in closet! Convenient 2nd floor laundry and additional 4 piece bath complete the 2nd floor. This home boasts many upgrades including 9' ceilings, extended kitchen cabinets for more storage, granite counter tops, upgraded appliances, Nest thermostat and solar tube lighting. The basement is unspoiled and unique with all open space, NO Teleposts and 2 large windows. Walk to popular k-9 school and great park! Come and check it out.
